DETAILED ACTION

This action is in response to applicant's amendment submitted on August 28, 2006.

Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action. Please see office action of May 6, 2006.

Claims 64-84 are rejected under 35 U.S.C. 102(b) as being anticipated by Sahatjian et al. (US Patent No. 5,283,004). Please see office action of May 6, 2006 for details.

Allowable Subject Matter

Claims 71-84 are allowed under the terminal disclaimer filed by the Applicant on December 15, 2005 and approved by the office on December 29, 2005.

Response to Arguments

Applicant's arguments filed August 28, 2006 have been fully considered but they are not persuasive. Applicant argues, "...linear behavior depicted on a stress-strain graph is not the same as a substantial linear change in stiffness..." In response to applicant's argument that the references fail to show certain features of applicant's invention, it is noted that the features upon which applicant relies (i.e., bending stiffness) are not recited in the rejected claim(s). Although the claims are interpreted in light of the specification, limitations from the specification are not read into the claims. See *In re Van Geuns*, 988 F.2d 1181, 26 USPQ2d 1057 (Fed. Cir. 1993). Thus, Sanhatjian et

Art Unit: 3736

al. does anticipate an intracorporeal device comprising an elongated member (12) having means capable of causing a *substantially* linear change in stiffness over a longitudinal length of the elongated member (Column 4, lines 11 – Column 5, line 8, Column 5, lines 36-40 & Figures 4 & 4A), as claimed.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).
